Berrie®

YOUR DAILY BERRIES

BERRIE +FIBER WILD BILBERRY&PLUM+FIBER

Berrie +Fiber contains wild bilberries, plum and gluten-free corn fiber Fibersol®-2. In a cup of 1 dl there are 75 wild bilberries and 6.6g fiber, which makes Berrie +Fiber high-fiber.

NORDIC SUPERBERRIES AND FIBER

Berrie +Fiber made from wild bilberries – the Nordic superberries – and plum is an easy and delicious way to add fiber in your daily diet. It contains soluble Fibersol®-2 fiber, insoluble citrus fiber and fiber contained in berries. 1 dl cup of Berrie +Fiber provides 20 % of the recommended daily value for fiber – one cup contains more fiber than a plate of oatmeal.

Regular use of fiber helps keep your digestive system running smoothly.
